

## Weather Underground Instillation on the La Crosse V40 Pro

- Install the V40 weather station.
- Download “Weather Connect” APP.
  - For Android
    - <https://play.google.com/store/apps/details?id=com.laxtech.weatherconnect>
  - For Apple
    - <https://itunes.apple.com/us/app/weather-connect/id1160909810?mt=8>

Follow screen instructions.

The APP will setup and add your WIFI network SSID name and password to your V40 base station and create ID and password for WU.
